No

What are the primary objective(s) or goals of this program? Please distinguish between the long-term mission of the program and the current annual objectives of the program. (The goals or objectives should be in terms that can be quantified, evaluated and assessed.) (MAX 3500 characters)

The primary objective of this program is to educate incarcerated youth throughout the state of South Carolina in the most effective manner and in the least restrictive environment. The students in these programs are severely educationally and economically deprived and require additional resources in personnel services, equipment, and consummable supplies to meet this objective.

In the prior fiscal year, what primary program activities or processes were conducted to facilitate the program's performance in reaching the objective(s) as provided in question 7? What, if any, change in processes or activities are planned for the current fiscal year? (Examples of program processes would be: training provided, recruiting efforts made, technical assistance services, monitoring services, etc. Answers should be specific to the process undertaken at the state level to support the objectives of the program and should be quantifiable Please include any professional development services provided.)(MAX: 5000 characters)

Approximately one-third of the students on SCDJJ's EFA count are in small alternative sites operated contractually by private providers throughout the state. The sites are located in remote, rural areas with extreme recruiting challenges. The \$105,410 is being used to bring teacher's salaries more in line with the school districts in which the sites are located.

In the prior fiscal year and using the most recent data available, what were the direct products and services (outputs) delivered by this program? (Examples of program outputs would be: number of teachers attending professional development seminars, number of AP exams given and students taking AP classes, number of students served in the program, etc.)(MAX: 5000 characters)

The salaries of the 46 teachers in the SCDJJ alternative sites contractually operated by private providers were enhanced by these funds.

What are the outcomes or results of this program? (Program outcomes can be both quantitative and qualitative and should address the program's objectives. Please use the most recent data available. Examples of outcomes would be: results of surveys, test data, increase in minority participation, reduction in achievement gaps, teacher loans awarded, textbooks purchased, etc.)(MAX: 5000 characters)

As a result of the salary supplements, all teachers in the alternative sites are appropriately certified and 96% are highly qualified. This has also resulted in 100% of the students becoming eligible to earn Carnegie units while residing at these sites.

Program Evaluations

What was the date of the last external or internal evaluation of this program?

Has an evaluation been conducted?

Yes No

**If an evaluation was conducted, what were the results and primary recommendations of the evaluation?
(MAX: 2000 characters)**

Monitoring visits, reviews, and written reports are done annually on each of the alternative sites by the Educational Services Division and the Medicaid Section of the Administrative Services Division of SCDJJ. The visits follow a predetermined schedule but the schedule varies each year. Teacher quality is only a small part of the review but it is included in the report. Some of the reviews for the 2006-2007 year were completed early in the year prior to the full implementation of the salary supplements.

Can you provide a URL link, electronic version or hard copy of this evaluation to the Education Oversight Committee?
